

# FUTURE OF THE CMC-SXM

---

The Sint Maarten Yacht Club founded and premiered the Caribbean Multihull Challenge - a unique regatta exclusively for multihulls - in February, 2019. It is the intention of the Club to work to develop this as a mainstay of the Caribbean Winter Sailing Season. The CMC will join the Heineken Regatta as another SMYC world renowned not-to-be-missed, joyful celebration of sailing; but for this one – multihulls only.

All multihulls are welcome. From the most comfortable family cruising cat to the most radical racing multihull machine; this event will have a racing class perfect for each design.

The racing will be set up for the multihull experience with downwind or reaching starts and long legs perfect for experiencing the benefits of speed. Each year, as more and more multihulls enter the racing, there will be innovations from a change in routing for at least one day of racing to end for a party on the French side of the island, to the development of a gear and boat show to be held at the Club during the days of the Challenge. Stay tuned for more!

**“It was great to get some racing miles on Fujin before the Caribbean 600. We had a great time at the CMC; and if in the Caribbean in future, we will likely be back!” .....Greg Slyngstad -- owner**
